

REPORT TO
STATE RACING COMMISSION
COMMONWEALTH OF PENNSYLVANIA
Harrisburg, Pennsylvania

Report to the board and commission from licensee with regards to its efforts to enhance live racing at Presque Isle Downs & Casino's racetrack in accordance with provisions of § 1211(a)(2) of the table games legislation.

Name of Licensee: Presque Isle Downs, Inc.

**Part I.
Live Attendance**

- 1. Furnish documentation of how the introduction of slot machine gaming at the Licensed racetrack has enhanced live racing by increasing live attendance over the calendar year. Please include the following:**

- A. Total Attendance Statistics – daily, monthly and annually**

With the increase in the number of telephone and computer assisted sites for wagering on horse racing, attendance for simulcast wagering continues to decline. From a high average 136 patrons per day in 2008 to the current average of 65 per day.

The daily attendance for live racing in the past few years has stabilized at 840-850 patrons per day. While Fan Appreciation Day, Family Night Food promotions and live entertainment increase the attendance on those days, (high 5,670) the average daily attendance in 2014 was 841 patrons. Along with the tremendous amounts of snow and the cold weather in the Winter in Erie, our summer storms can be just as deterring to our patrons on a June evening when 243 fans (low) braved the elements to attend a storm shortened race evening.

While the decision of Presque Isle Downs management to race Sunday through Thursday evenings (which is a bit unconventional) has helped increase handle from export simulcast sites attendance at live racing has not increased.

Simcasting at Presque Isle Downs began July 27, 2007. The first live race meet in September of 2007 consisted of 25 days and 200 races. Beginning in 2008, Presque Isle Downs & Casino has operated running 100 days of live racing with a total of 800 races. Due to a cancellation of 7 races one evening because of a thunder storm, the 800 races were run over 101 days. In 2009 raced 100 days with 798 live raes. Storms with thunder & lightning again forced the cancellation of 2 races. The 2010 race meet was 100 days of with 798 races. In 2011 racing was run 98 days, 2 days of live racing were cancelled due to extreme heat and the 800 races were run by adding races to other days. In 2012 798 races were run when once again 2 races were cancelled due to weather. In 2013, there were 796 races run. An extreme lightning storm caused us to cancel 4 races. The 100 day 2014 race season brought a change to the live race day schedule. Presque Isle Downs scheduled race days Sunday through Thursday. While staying with the early eveing post time of 5:25pm. 796 races were run in 2014. Two races were ruled no contest for the safety of the participants when horses broke down on two separate evenings. Two races were cancelled on another evening due to equipment failure.

B. Description of the general demeanor and qualities of facility and amenities.

Presque Isle Downs the newest Thoroughbred Race Track built in Pennsylvania it is one of the nations truly integrated Racinos where slot machines and racing coexist in the same building. The Tapeta racing surface continues to be proven one of the safest racing surfaces in the industry. While the one mile Tapeta racing surface is durable, does not retain water and is one of the kindest to racehorses with a minimal number of breakdowns. Through the cooperative efforts of the racing association and the HBPA, additional fibers and liquid have been added in each of the past few. Records support the breakdown occurrences over the past 6 race meets run at Presque Isle Downs. Although slightly higher in 2014, the average racing related catastrophic injuries in the past 5 years is less than 1 per 1000 starts. Presque Isle Downs continues to have one of the safest records in the Country.

Our remodeled buffet opened an additional venue for our patrons to dine and watch live racing. We have indoor seating as well as outdoor patio seating adjacent to the buffet for diners who like to be a little closer to the live racing action. Our facility was designed with families with young children in mind. While gaming laws prevent anyone under the age of 21 from accessing the gaming floor, our racetrack is accessible through outdoor gates. The area also gives access to the buffet and clubhouse from the apron/patio. Free admission and free parking is a big draw for families.

Our outdoor Concession Stand is available for guests who want to grab a hot, delicious and quick snack while enjoying live horse racing very close to the action. Our Wednesday Family Night Food promotions drew large crowds in for a satisfying burger, locally manufactured Smith's hotdog or other offerings.

Our second floor mutuels area is integrated into the Clubhouse for the convenience of our racing fans who would like to dine while wagering on the races. Each table has its own television and there are several large-screen TV's located throughout the dining room.

Mutuel tellers also service the guests outside on the patio, inside in the simulcast area on the first floor and in the mutuels area on the clubhouse second floor level. We also have several self bet stations located throughout the facility including directly adjacent to the Poker room.

During the non-live racing season, we offer live entertainment on our stage in the clubhouse. Race fans can watch and wager on simulcast races from around the country and then stay for the performance by local bands and local and nationally known entertainers. We also offer other sports such as football, hockey and boxing on our large screen TV.

Our poker room was quite well received by our patrons when it opened. Unfortunately, with the opening of the poker room at the Horseshoe in Cleveland, and the continued competition for the gaming dollar at neighboring casinos our revenues have declined substantially.

C. Description of appropriate signage and information so patrons can easily access and utilize racing facilities.

Presque Isle Downs has highway signs on I-90 and I-79. There is a lighted, highly visible high-rise Presque Isle Downs & Casino sign which can be seen when driving on I-90. When patrons arrive on property there is signage that directs them to all areas of the casino. Since the racetrack and casino are integrated, there is easy access from our casino and restaurants to the racetrack. North and South parking lots allow patrons direct access through the gates to the apron. We also have valet parking available for our patrons who prefer the convenience of not having to walk far in inclement weather. We employ shuttle bus drivers to transport our guests from the parking lots to the west side of the Casino to the racetrack and Casino. The Paddock is inside the South apron access gate. Way-finding signs have been installed inside the Casino so our gaming guests are able to locate all amenities of the property.

D. Description of changes to physical plant

Along with the surface addition to the Tapeta, PID constructed a shelter for the Outriders so they can stay out of the weather and still be available for horses and trainers when needed during morning training hours. The Paddock Walls were refinished, covering supports, to make them safer for the humans and animals during racing.

The safety rail which was installed for our Inaugural racing season was also upgraded to eliminate the concerns from horsemen for the safety of the horses and riders.

The initial design of the Sauna in the Jocks room did not perform the way we expected it to. There were upgrades completed to this in 2014. We also added tables to our covered patio area and apron area.

Presque Isle Downs also invested over \$91,000 for upgrading the electric in the five (5) barns which were open for our 2007 race meet.

Along with additional patio seating, we invested \$3,000 in additional TV's for the outdoor patio area to enhance our patrons simulcast viewing. This area was open for KY Derby and other simulcasts before the beginning of our live race meet.

There was a drainage issue along the horse path to the barns, new drainage was installed to direct the water away from that area and allow the water to be directed away from the path.

The Total investment in racing related projects for 2014 was approximately \$300,000. Total investment in 2014 for projects covering all other areas of the operation at Presque Isle Downs, (with the exception of Racing) totaled nearly \$3.6 million.

2 Describe plans to improve attendance at licensee's racetrack over the successive calendar year in addition to a marketing plan that includes:

A. Planned promotional programs to attract patronage

1. Advertising – 50% to 75% of our direct advertising budget during our live race meet is utilized for racing awareness and promotional event nights. The television spots that run year round (with different messaging) contain racing messages. Advertising targets national and state racing publications, local print, radio and television; Print & Radio in Pennsylvania & New York; and Print, Radio & Television in Ohio (specifically the Cleveland and Ashtabula market).

2. Promotions –Throughout the live race meet, we host a variety of promotions and special events

T-shirt giveaways; Sundays Family Night at the Races, Wednesday Night at the Races which also includes food specials (features \$2 Cheeseburgers, Two Hot Dogs for \$2 and other food items at discount prices); Fan Appreciation Nights with free popcorn for kids, \$1 Hot Dogs); Poster Giveaways; and Match Play Wagers. In 2015, we added an additional Sunday Family Night at the Races with live entertainment before racing and \$2 Cheeseburgers and \$1 Hot Dogs.

3. Public Relations & Public Awareness – The local Erie media WJET (ABC), WICU (NBC), WFXP (FOX), WSEE (CBS), and the Erie Times

News provide extensive coverage throughout the live race meet. Live coverage during opening night. We also work with VisitErie and the Convention Authority by offering visiting conventions to experience “A Night at the Races.”

4. Direct Mail – Each month during live racing, our core direct mail piece contains racing information. This is sent to approximately 75,000 to 80,000 each month. A direct mail piece is also sent quarterly to racing players that contain Match Play Wagers to promote upcoming racing events.

B. Plans for public awareness and outreach

1. Groups that come onto property are offered an opportunity to learn the betting basics and are given a \$5 Match Play wager to generate interest in racing.
2. Local groups have “company” nights at Presque Isle Downs on a regular basis. Along with the “company” name in the live racing program, some of the group members go into the Winners Circle for a group picture after the race.

**Part II.
Handle**

- 1. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing live handle over the calendar year.**

Please include the following:

- A. Total amount of live handle wagered on races conducted by licensee -**

Presque Isle Down & Casino opened our doors in February 2007. Live Racing began in September 2007. There were no handle numbers to compare before the introduction of slot machine gaming. Following is our handle report for the calendar years 2007 – 2014.

[REPORT FOLLOWING PAGE]

HANDLE LIVE RACES

	2007	2008	2009	2010	2011	2012	2013	2014

3) Account Wagering	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Total	\$5,123,207.00	\$11,990,848.00	\$11,867,180.00	\$9,799,750.00	\$5,131,712.00	\$7,605,887.00	\$7,529,506.30	\$6,293,107.10

Presque Isle Downs does not own or operate Off-Track Facilities nor an Account Wagering System

2. Describe plans to increase live handle and simulcast handle with both licensee and at guest locations.

In 2014, live racing will again be conducted Sunday through Thursday. The increased opportunity for less competition on Sunday and Monday when fewer racetracks conduct live racing opens the market for Presque Isle Downs. Erie Pennsylvania continues to be a draw as a vacation destination and the race fans coming into the area will be able to take advantage of the fact that we race these two days. Erie's Waldameer Park is an attraction for families. The fact that they are closed on Mondays gives Presque Isle Downs an additional opportunity to promote live horse racing as family entertainment. By offering special promotional giveaways and family food specials at Presque Isle Downs Racetrack, we hope to enlarge our fan base. With our post time of 5:25pm, the normal work day is done and beach and boating enthusiasts have left Lake Erie and are looking for something to do in the evening. We believe the racing program at Presque Isle Downs will satisfy their search.

We continue to enlarge our simulcast fan base at racetracks and simulcast locations throughout the country. The addition of our signal almost nightly to the TVG line-up and other nationally broadcast channels should help increase our viewership and our handle.

While the decreasing foal crop has hit most every track in the United States and is making it more difficult to increase field sizes we are constantly striving to get more trainers to come to race at Presque Isle Downs and bring a larger complement of horses to race. Full fields are one key to increasing wagering.

We will participate in promotions offered by other simulcast sites to increase our patron's awareness of new locations being simulcast at Presque Isle Downs.

Once again in 2014 Presque Isle Downs and the HBPA plan to work together to bring the crew from TVG to cover the Presque Isle Mile and the Grade II Presque Isle Masters Stakes in September. Their presence added a boost to our handle on those nights and we will explore opportunities to add more of this type of programming to our schedule.

**Part III
Native Breeding Industry**

- 1. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing the number of PA-bred or PA-sired horses participating in races at track over the calendar year. Please include the following:**

- A. Total of individual PA-bred/sired horses competing at racetrack, total Number of starts these horses made, and total purses earned.**

During the 2014 race meet there were 378 unique PA Bred Starts with total wins of 185. Total starts by PA Bred horses was 1,328 for total earnings of \$5,167,648.

- B. Percentage of the whole that these PA-bred/sired horses contribute to the total number of horses competing at its track, the percentage of the whole as to the total number of starts made, the percentage of the whole of purses.**

A total of 1760 horses competed at Presque Isle Downs in 2014 with PA-bred/sired making up 21.47% of the total. Total starts at PID were 6,102; total PA-bred/sired starts were 1,328 or 21.76%. Total purses paid \$18,491,567.50 with PA Bred/sired purses totaling \$5,167,648 or 27.95%.

- C. Total number of races restricting entry to PA-bred or PA-sired horses and total purses paid in restricted races.**

86 PA restricted races were run at Presque Isle Downs in 2014 with purses of \$2,478,000. Included 5 PA Bred Stakes Races.

- 2. Describe plans to increase participation of PA-bred or PA-sired horses for the successive calendar year.**

As we have at Presque Isle Downs in the past, we continue to work with the PA Breeder's Association and the HBPA. Depending on available funding we will continue to offer at least one race in the Condition Book per card and at least one Substitute race per card. This has proven to work at Presque Isle Downs in the past years and we are certain it will continue. In 2015 we will offer 5 - \$75,000 Stakes Races for Registered PA Breds.

Part IV
Class

- 1. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced racing by improving the quality in the class of races over the calendar year. Please include the following:**

2. Describe plans to improve class of horses in races for the successive calendar year.

Presque Isle Downs continues our practice of allotting stalls according to the trainers with horses that will fit into the racing program at Presque Isle Downs. The horsemen who participate in the race meet at Presque Isle Downs believe horsemen should run a better quality of horses for the quality of purses we have the ability to offer. With the year over year decline in foal crop there are less and less horses available to fill races. The average start per race in 2014 was 7.49 compared to 7.67 in 2013.

The class of horses that have competed in Stakes races at Presque Isle Downs has improved steadily in the past few years. The Presque Isle Downs Masters Stakes was awarded Grade II status in 2011. Living the Life won the 2014 Masters Stakes and went on to compete in the DraftKings Breeders Cup Filly and Mare Stakes where Dame Dorothy who finished 3rd in the 2014 Masters Stakes went on to win. Groupie Doll the winner of the 2013 & 2012 Masters Stakes as well as Musical Romance the winner in the previous year of the 2011 Masters Stakes went on to win the Breeders Cup Filly and Mare Sprint race and to be named Champion Female Sprinter of the year. The winner of the 2010 Masters Stakes (Gr.III) Informed Decision, finished 7th in the 2010 Breeders' Cup Filly and Mare Sprint; Dubai Majesty who finished second to Informed Decision in the 2010 Masters Stakes won the 2010 Breeders' Cup Filly and Mare Sprint and was also named 2010 Champion Female Sprinter. Informed Decision who also won the 2009 Presque Isle Downs Masters Stakes and the 2009 Breeders' Cup Filly and Mare Sprint was named 2009 Champion Female Sprinter. The Winner of the Presque Isle Downs 2011 Mile Stakes Wise Dan was named Horse of the Year at the 2012 and 2013 Eclipse Awards. Presque Isle Downs is pleased to proclaim their association with these great horses. The quality of the horses that compete over the Tapeta™ surface at Presque Isle Downs does continue to improve year after year.

We continue to allot stalls to trainers with horses that fit into the Presque Isle Downs Program. In addition to the trainers who supported the Presque Isle Downs Race meet in 2014, stalls were allotted to 14 new trainers for the season. In 2015 we have allotted stalls to 15 trainers who had not previously stabled here.

**Part V
Residence**

1. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing the number of PA residents participating in the Commonwealth's racing industry throughout the calendar year. Please include the following:

A. Number of PA Residents participating at the track as owners and trainers.

In 2014 there were 221 PA Residents participating at the track as owners and trainers out of 1376 owners and trainers.

B. Percentage of the whole that PA residents contribute to the total number of owners and trainers.

16% of the registered owners and trainers participating at Presque Isle Downs in 2014 were PA Residents.

C. Total purse earnings of PA residents at track of owners (as determined by address of stable or lead owner) and trainers.

Total earned by PA residents in 2014 was \$2,143,308 or 11.59%

D. Estimated amount of purse earnings of non-PA residents stabling horses at the track.

Estimated total earned by non-PA residents stabling horses at Presque Isle Downs in 2014 was \$16,348,260.

2. Provide strategy to increase the participation of Pennsylvania residents in the PA racing industry for the successive calendar year.

Through continued promotion of Presque Isle Downs races, we plan to encourage PA residents to race their horses at Presque Isle Downs. The purses offered along with PA Bred restricted races offered and additional owner bonus will help to entice additional owners/trainers to move to the Erie area to race in the future. Will promote PA restricted races in advertising and on our website. Continue to work with the HBPA to increase interest in racing in Erie, PA. We are continually allotting stalls to new trainers as they become open. Many of the PA residents have upgraded their stock to participate on a higher level.
